Dear Friend:

I am writing to tell you that due to war conditions, and the fact that I cannot get the paper necessary to print the program I had planned, I have decided to postpone it until a later date.

I want the fans of Newark to have a very nice souvenir with pictures of the ballplayers and other interesting items. As it is impossible to do the job I want at this time, I have decided to wait until later.

Thank you very much for your cooperation. I will contact you again when I decide to go ahead with the program.

Very Truly Yours

Effa Manley

I am enclosing a check for the ammount you had paid to Mr Webber.
